(54) Title: USE OF VEGETABLE OIL AS AN ADJUVANT FOR SUBSTANCES HAVING A FUNGICIDE, BACTERICIDE, INSECTICIDE AND HERBICIDE ACTIVITY

(57) Abstract: The present invention relates to use of vegetable oils such as soybean oil as an adjuvant for substances having a fungicide, bactericide and insecticide activity in preventive or curative treatments of plant diseases caused by fungi, bacteria and insects on agricultural cultivations. In addition, the present invention relates to use of vegetable oils such as soybean oil as an adjuvant for substances having a herbicide activity in treatments for weed control on agricultural cultivations. Finally, the present invention relates to a fungicide, bactericide, insecticide or herbicide composition characterized in that it comprises: a stable water emulsion of vegetable oils such as soybean oil; and at least one substance having a fungicide, bactericide, insecticide or herbicide activity.

A. CLASSIFICATION OF SUBJECT MATTER IPC 7 A01N25/02

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols) IPC 7-401N

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the International search (name of data base and, where practical, search terms used)

EPO-Internal, WPI Data, PAJ, BIOSIS, CHEM ABS Data

Box I Observations where certain claims were found unsearchable (Continuation of item 1 of first sheet)
This International Search Report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:
1. Claims Nos.: because they relate to subject matter not required to be searched by this Authority, namely:
Claims Nos.: because they relate to parts of the international Application that do not comply with the prescribed requirements to such an extent that no meaningful International Search can be carried out, specifically:
3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
Box II Observations where unity of invention is lacking (Continuation of item 2 of first sheet)
This International Searching Authority found multiple inventions in this international application, as follows:
see additional sheet
1. As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
3. As only some of the required additional search fees were timely paid by the applicant, this International Search Report covers only those claims for which fees were paid, specifically claims Nos.:
\cdot
4. No required additional search fees were timely paid by the applicant. Consequently, this International Search Report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.: 1, 3-5(all partially), 6(complete), 10, 11, 13-16 (all partially), 18(complete), 22(partially)
Remark on Protest The additional search fees were accompanied by the applicant's protest. No protest accompanied the payment of additional search fees.

Form PCT/ISA/210 (continuation of first sheet (1)) (July 1998)

FURTHER INFORMATION CONTINUED FROM PCT/ISA/ 210

This International Searching Authority found multiple (groups of) inventions in this international application, as follows:

1. Claims: 1, 3-5 (all partially), 6(complete), 10, 11, 13-16 (all partially), 18(complete), 22(partially)

Use of a vegetable oil as an adjuvant for fungicidal substances; corresponding compositions and uses thereof.

Use of a vegetable oil as an adjuvant for bactericidal substances; corresponding compositions and uses thereof.

3. Claims: 1, 1-5(all partially), 8(complete), 10, 11, 13-16(all partially), 20(complete), 22(partially).

Use of a vegetable oil as an adjuvant for insecticidal substances; corresponding compositions and uses thereof.

Use of a vegetable oil as an adjuvant for herbicidal substances; corresponding compositions and uses thereof.
